

**Kelly Whitlock
Instructor, Portland Gun club**

Hi Kelly,

I just wanted to let you know that attending your class was great.

After the class you asked me how it compared to the instruction that I received at the Hillsboro Trap & Skeet Club. I learned more practical skills by attending your class than the other class. After completing your class, I now know how to use the range, I can shoot better, and can hardly wait to try out my new shotgun.

Yes, I picked up a used over-under a couple of days ago. After trying the Remington 1100 last Thursday, I was actually looking for one, but ran into a Nikko 5000 12 GA. Even though I own semi rifles and pistols, I really like my revolvers and lever actions, so a non-semi shotgun is more attractive. The Nikko has two barrels marked skeet & skeet. It seems to fit me pretty well and I'm really looking forward to trying it out at the Portland Gun Club. From what I've read, this Nikko is almost an exact replica of the Winchester 101.

Thanks again for a great class. You're a very good instructor. I appreciate the expertise and your humor, too. It made an intimidating sport much more accessible. In fact, I'm going to have my brother take your class, too (I'm going to give him the lesson as an early Birthday present, and he can use my new shotgun). So, I'll be in touch with you again, when it's a little closer to his Birthday.

Take care,

Steve Funk
